Tough Runs in the Family.

① Easier to Own

Brandt trailers are backed by the best support in the business to make ownership stress-free:

- With multiple trailer lengths, capacities, and low-angle ramp styles, find the trailer that best suits your needs.
- Offering the most stable and secure load platform in the industry. Designed for optimal balancing with construction equipment.
- Reliable design and long-lasting components reduce total cost of ownership.

② Easier to Operate

These trailers are designed for fast, effortless loading so you can start working sooner:

- Bolt-on key components are easily replaceable for fast maintenance, making this a fully serviceable design for maximum uptime.
- Torsion suspension delivers maximum reliability, while reducing maintenance.
- Equalized leaf spring suspension provides enhanced durability when taking heavy loads over debris, curbs, or rough terrain.

③ Safer

Safety is critical on the jobsite, so these models are designed with key features to maximize operator protection:

- Forward self-adjusting brakes keep the brakes at their peak performance for longer while eliminating the need for manual adjustments.
- Galvanized upgrade available for superior rust protection and enhanced structural durability over time.
